For ridding corn fields of crab grass, Bermuda grass, Johnson grass, running vines, etc., the John Deere Disk Cultivator is absolutely without an equal. The ordinary shovel cultivators will, to a certain extent, dig up grass roots, but they have a decided tendency to scatter the roots and parts of the plant along the row, and in this way do more harm than good, on account of spreading these undesirable grasses and vines all over the field.

QUIPS

Home-made troubles are the kind that beget gray hairs.

A scrapper may obtain his courage from an uncorked bottle.

He is a wise man who can gather dollars from another's lessons.

Next to a woman the most changeable thing in the world is another woman.

At the age of three score and ten, nearly every man is rich—in experience.

One good thing about a dog fight is that the dogs engaged in it never go around and talk for publication after it is all over.

If a man doesn't marry a woman because she is pretty or because she has money, it's a pretty sure sign he is in love with her.

BY THE OFFICE OWL

Every time that a wise man falls it teaches him something.

It's a poor brand of charity that sticks to the fingers.

More failures are due to lack of will than to lack of strength.

A woman will pardon lack of sense quicker than lack of manners.

If you would be paid according to your ideas of your worth, get busy.

There is more style about some boarding houses than there is grub.

The man who owes money usually worries less than the man to whom he owes it.

A man may select his own companions, but his relations are always thrust upon him.

Following in the footsteps of an idle man is about the most expensive traveling imaginable.

An Ohio husband calls his wife "Birdie" because she is always associated in his mind with a bill.

What a noiseless world this would be if women were as quiet all the time as they are when it comes to telling their age.

A wise girl never lets the young man she has spotted for her own see her with her hair in curl papers until after the parson has said his fatal words.

SNAP SHOTS

If a woman can whistle she is pretty apt to be capable in other respects. Another thing about women is that freckles and good sense go hand in hand.

After a woman has worked for years to get her daughter married off she breaks down and cries at the wedding because she is going to be separated from her Darling Child.

Nobody will know how many disreputable-looking relatives you have until you die. The disreputable-looking relative sometimes refrains from attending the wedding, but he always comes to the funeral.—Jay E. House, in the Pittsburgh Dispatch.

NEW DEFINITIONS.

Pensions—The silver lining of war clouds.

Condensed—The quart of milk you get in a pint bottle.

Cynic—The man who has an unreciprocated love for himself.

Luck—The only thing that enables your relatives to surpass you.

Skeptic—A man who is never sure of the time when he consults his watch.

FROM THE PENCIL'S POINT

If you have a happy home, keep it so; if not, make it so.

Some things are bad, but the worst has never yet occurred.

Gossips might be appropriately termed misfortune tellers.

A lot of shady transactions are pulled off under the guise of reform.

Many a man's means are not worth the mean way he used to get them.

Some people talk a long time before you get at what they are trying to say.

Misfortune is the filter that separates true friends from the counterfeit.

Lots of men never work harder than when they are doing useless tasks without pay.

A scolding wife would doubtless succeed as a railway engineer—she is always on the rail.

"Safety First" Meeting.

The "Safety First and Damage and Freight Claims Preventive Committee of the Frisco Lines met in the Odd Fellows Hall in this city last Friday night, and a very interesting meeting was had.

Members of this committee who were present were: Superintendent C. H. Clairborne, Assistant Superintendents S. J. Frazier, J. A. Moran and C. R. Jordan, Chaffee; F. A. Wightman, superintendent of "Safety First" movement, of Springfield; C. S. Pawkett, W. W. Maguin, W. H. Williams, W. H. Pryor, J. J. Phoyer, W. E. Burgess, J. C. Burner, Jim Gold, G. A. Bienert, W. H. Baker, E. F. Fish, Harry Hamby, A. W. Morris, Chas. Dean, E. A. Parish, H. W. Barry, of Chaffee; F. W. Reick, Cape Girardeau; L. A. Lowery, Campbell; C. J. Davidson, Festus; O. N. Watts, this city.

A year ago the committee made the trip from Turrell, Ark., to this city and found 229 cases of irregularities, and the first trip this year over the same portion of the road they only found 49 cases.

This a record to be proud of, and shows the result of a combined effort on the part of the officials and employees. The "Safety First" movement is one that should be made a slogan over every railroad in the United States. It is the duty of every employee to report these irregularities, and they are fast recognizing the value of this duty.

FOR THE FARM AND THE HOME

We enjoy a nice trade from the farmers of this territory, because we always provide them with reliable goods at right prices.

The spring season brings many special requirements to our rural customers.

Paints, Stock and Poultry Preparations, Housekeeping Helps, Spring Tonics and Blood Remedies, Seeds, Spraying Materials, Sheep Dip and

many other items of drug store goods are in demand just now.

Household Remedies, Recipes and Prescriptions are provided promptly. Have them just when they are needed.

We solicit your trade on the basis of right goods, superior service and fair prices.

Just phone or mail your orders.

KEEP THE MONEY AT HOME

It is to your own interest to trade at home.

Suppose the mail order houses should sell cheaper and everybody should order goods from them—the local stores would be no more. Remember, a store cannot be kept up with the small purchases if the money is sent away for the big things. You have then succeeded in ruining your home trade; you have then helped to build up an enormous corporation in some distant city.

The lessened home consumption and market would decrease the value of your farms and homes. Send your money away, you get nothing back, but goods; spend it at home and it will come back to you in better towns; better stores, better schools, better churches, and better social advantages.

The Home Dealer helps to keep up the schools and the churches. He contributes his share for good roads and other public enterprises.

Boost your home town—patronize your home merchants.
